URI: <http://hdl.handle.net/1811/35057>

Appears in Collections: [Ohio State Engineer: Volume 5, no. 3 \(March, 1922\)](#)

High Spots in

New Physics Building Wing.
Fence encloses preliminary ex-
cavation for the west addition,
to duplicate the east wing
shown in the picture.

New Homoeopathic Medical
Research Building.

Excavation Under Way for
\$219,000 Power House
Addition

Campus Construction

First and Center Unit of New Chemistry Building. The building is located in the wood lot back of Lord Hall, showing the north skylights in the saw-tooth roof construction which eliminate the need of windows.

Pomerene Hall—the New Women's Building. The view is looking north, just inside the Neil Avenue entrance, the corner of Oxley Hall at the right.

Footings for New Bridge Over The Olentangy.
